Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Friday 24 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Wet and windy to start, becoming drier overnight.

Today:
A cloudy and rather breezy day with some spells of light rain or drizzle. Some brighter spells developing later as rain becomes largely confined to higher ground. Maximum temperature 19 deg C (66 deg F).

Tonight:
A largely cloudy night across the region, with some patchy light rain or drizzle over high ground. Winds easing throughout. Minimum temperature 10 deg C (50 deg F).

Saturday:
A cloudy start with some drizzle over the fells and moors, but this quickly clearing to leave a dry day with warm sunny spells and light winds. Maximum temperature 20 deg C (68 deg F).

Outlook for Sunday to Tuesday:
A dry start on Sunday with sunny spells, but becoming windy later with rain arriving overnight. Further showers for Monday and Tuesday these heavy at times.
